# Datasheet

10G Rack-Mountable UniFi Application Server

Model: UAS-XG

Dual 3.5" Hard Drive Bays

Dual 10G Ethernet Ports

Pre-Installed UniFi<sup>®</sup> and UniFi Video<sup>®</sup> Software

#### Overview

The UniFi Application Server, model UAS-XG, is an Ubuntu-based server capable of securely running all of your business applications. It integrates UniFi and UniFi Video software for centralized management of your UniFi devices.

The UniFi Application Server features a fast 120 GB SSD for the OS and applications, as well as a pair of 2 TB mechanical drives for bulk storage of video recordings and other data. A power-optimized Intel Xeon-D processor with 32GB DDR4 memory provides reliable performance.

Dual 10G Ethernet ports ensure high-bandwidth connectivity for your most demanding server applications.

**Pre-Installed Software** The UniFi and UniFi Video Controller software applications are both pre-installed on the UniFi Server for immediate deployment.

**Initial Setup via Bluetooth** Use the UniFi Mobile app to configure the UniFi Application Server. The username and password you configure in the UniFi Mobile app will be used for the UniFi and UniFi Video software.

UniFi is a scalable networking system ideal for low-latency deployments requiring high uptime performance.

- Seamless integration of UniFi devices
- Centralized management and monitoring of multiple sites across remote locations
- Mobile app (iOS/Android) for quick and easy access

# Dashboard

UniFi provides a visual representation of your network's status and delivers basic information about each segment.

	Constant and the former

#### Topology

The topology tree shows UniFi wired/wireless network devices and client devices.

# Statistics

UniFi offers statistics and graphs to describe the clients and network traffic of your managed UniFi network.

UniFi Video is a flexible, integrated IP video management and surveillance system using UniFi Video Cameras.

- · Live feeds in a single or multi-camera format
- Motion detection and security alerts
- Detailed statistical reporting and advanced analytics
- Mobile app (iOS/Android) for control and live streaming

### **Event Recordings**

UniFi Video software provides a variety of options and settings to customize what your cameras record.

#### Maps

Upload a map of your location(s) or use Google Maps to represent the areas where your cameras are located.

# **Analytic Capabilities**

Customize your own motion detection zones. You can place several zones and set their alarm sensitivity levels.

**P/ XG** SERVER

# **Hardware Overview**

Featuring dual 10G Ethernet for high throughput and a powerful Intel Xeon-D processor, the UniFi Application Server efficiently scales to serve large UniFi and UniFi Video installations.

The compact 1U form factor and pre-installed UniFi and UniFi Video software applications enable rapid deployment and plug-and-play integration.

#### **Storage and Memory**

- (2) 3.5" Hard Drive Bays
- (2) 2 TB Pre-Installed Hard Drives
- 120 GB Internal SSD
- UniFi and UniFi Video Software (Pre-Installed)
- 32 GB DDR4

### Connectivity

- (2) 10G Ethernet Ports
- (2) USB 3.0 Ports (Rear)
- (2) USB 2.0 Ports (Front)
- Bluetooth for Initial Setup
- (1) 1G IPMI Ethernet Port
- (1) VGA Port

# **Specifications**

	UAS-XG
Dimensions	442.4 x 43.7 x 305.5 mm (17.42 x 1.72 x 12.03")
Weight With Mount Brackets	6.5 kg (14.33 lb) 6.6 kg (14.55 lb)
Power Consumption	150W Maximum (60W Typical)
Power Method	100-240VAC/50-60 Hz, Universal Input
Power Supply	100-240VAC, 2 to 4A, 50 to 60 Hz
Supported Voltage Range	100-240VAC
LEDs System Data Ports HDD Bays	Bootup/Reset/Locate Link/Activity Activity/Error
Processor	Intel Xeon D-1521
System Memory	32 GB DDR4
On-Board Flash Storage	M.2 SSD 120 GB
Hard Drive Capacity	(2) 2 TB HDDs (Pre-Installed)
Operating Temperature	0 to 40° C (32 to 104° F)
Operating Humidity	5 to 90% Noncondensing
Rack Mount	1U High, 12" Depth (Rack-Mount Hardware Included)
Interfaces Networking Interfaces IPMI Interface VGA Interface USB Bluetooth Low Energy	<ul> <li>(2) 1/10 Gbps RJ45 Ethernet Ports</li> <li>(1) 1 Gbps RJ45 Ethernet Port</li> <li>(1) VGA Port</li> <li>(2) USB 3.0 Ports (Back Panel)</li> <li>(2) USB 2.0 Ports (Front Panel)</li> <li>Bluetooth 4.0</li> </ul>
Certifications	CE, FCC, IC
